LOVER SEEKING HER SON'S GRAVE

Aged Parent Comes to Edmonton From Old Ontario to See the Last Resting Place of Her Boy Who Was Killed By a Steam-shovel While Working on the Railroad.

After saving for many, many years the every available penny to make dollars and dollars to make more dollars and sufficient to buy her a ticket from her old home in Ontario, to Edmonton and beyond, Mrs. S. Annell, a lovely old lady and mother, well advanced in years, left Edmonton this morning for Obed on the line of the Grand Trunk Pacific, some 35 miles west of Edmonton, to find the place where her son was buried over three years ago, and seek the grave which is marked by a wooden cross with the name across it, "John Edward Annell."

In September, 1910, John Annell was killed by a steam shovel while engaged in construction work on the G.T.P. Little was known of him other than his name, and he was buried in the railroad company's grounds, unwept, unhonored and unnamed. Later, when his death was reported to the engineer's department of the C.N.R. in Edmonton, A. T. Fraser and his staff endeavored to locate the man's parents, or learn something of his family connections, and were successful in locating Mrs. Annell in her eastern home and advised her of the facts of her son's death.

HEIRESS TO MILLIONS OF PACKER CUDAHY STUDIES TO BE NURSE.

Boston, April 22.—Miss Helen M. Cudahy, heiress to the millions of Patrick Cudahy, the Chicago packer, is now immersed in her duties as a

proletarian nurse at the Massachusetts General hospital. Miss Cudahy carried out a rigorous program each day with an earnestness and vigor of one who realizes that her chosen pro-

United States Forces Are Now in Complete Possession of Vera Cruz—Fighting Is Resumed When Additional Blue Jackets Are Sent Ashore—Statement Issued To Deny that Bryan Had Resigned from the Cabinet.

Washington, D.C., April 22.—American operations in Mexico at Vera Cruz took on renewed aspects of war today when Rear Admiral Badger landed more marines from the Atlantic fleet and the United States forces proceeded to take the entire city.

While the orders of the president were being carried out by the letter it was made apparent in conferences at the White House that the United States will "sit tight" at Vera Cruz and that no further steps of pacification will be taken this time.

For the present it was declared on high authority that the forces at Vera Cruz would hold the city to convince Huerta that this government means business and that no action would be taken at Tampico unless there are retaliatory actions by the part of the Huerta government.

No time it was stated here been sent to the American officers with reference to landing at Tampico, the only order was to see that the referring directions for ships sent to Vera Cruz Admiral Badger will remain at Vera Cruz until further orders are received. Admiral Badger said that all efforts to communicate with the embassy, where "Charges O'Shaughnessy" is located, had failed.

The department has not heard from the embassy since Monday, and at present it was felt as to conditions in Mexican capital. The absence of news from the embassy is regarded as a serious matter. Secretary Bryan appeared worried about the situation.

The White House gave out the following statement: "Dispatches received from Consul General at Vera Cruz at 2:10 p.m. announced that American forces are now in complete possession of the city—that apparently no fatalities among American and foreign non-combatants and that firing had ceased except for occasional pistol shots."

Situation in Hand. Consul Canada, under date 9 a.m. today, cabled that the total American forces ashore numbered 3,000. They were well into the city and had the situation in hand.

Consul Canada's dispatch, which was filed at Vera Cruz early today, and was given out at 11 a.m. said: "Firing commenced at daybreak, ships now shelling southern part of city. Large force landed from Admiral Badger's fleet before daylight."

Copies of proclamation issued by Fletcher meeting at once the co-operation of the mayor and municipality in restoring order have been distributed, but have been unable as yet to get in communication with the officials. Major Butler's force of the city is now ashore.

"Expect the city will be quiet later in the morning. The estimate of Mexican killed and wounded up to late last night was approximately 150. "Battleships here, Florida, Utah, Arizona, New Hampshire, New York, New Jersey, South Carolina, Transport's Prairie and Collier, Oregon. "Transport Hancock reported day. American forces advanced 3 a.m. under guns of war vessels to take city."

Sharpshooters on Roofs. The Mexican sharpshooters occupied the roofs of houses in the central part of the city and were able to fire down upon the American marines and blue jackets as they neared the land from the vessels lying off shore.

Rear Admiral Badger and Fletcher decided this morning to continue the movement of Vera Cruz. Rear Admiral Badger organized a landing force composed of 2,700 marines and blue jackets and before daylight these had all been ashore.

BETTER EDMONTON CAMPAIGN BEGINS SECOND OF MONTH

Mammoth Clean-up Job Will Start Under Auspices of Industrial Association. CITY DEPARTMENTS TO CO-OPERATE IN WORK. Probably Wear Badges Inscrbed "Will Clean My Lot, You Clean Yours."

Definition plans for a monster clean-up campaign were formulated at a meeting of the clean-up committee of the Edmonton Industrial Association, held yesterday afternoon in the association rooms. May the second has been decided upon as the opening day and it is expected that the work will be carried on with unprecedented vigor.

Comptroller Booth has assured the committee that the city will co-operate with the Industrial Association in the work. Street Superintendent Alton will have his men and teams busy for several days clearing away rubbish and making the streets and alleys spick and span.

An Archibald, chairman of the clean-up committee, stated that the city schools will assist in every way and that the teachers will address their pupils on the necessity and the importance of a clean city.

He suggested further that circular letters be sent out to residents of the city urging them to clear their back yards and lawns. It is probable that badges bearing the following inscription will be distributed: "I'll Clean My Lot, You Clean Yours."

Those present at the meeting were: Alderman G. H. May, Archibald, C. B. Chadwick, C. Lionel Gibbs, C. B. Jackson, and W. L. Richardson and Mrs. J. H. Richardson and Mrs. Vaughn of the ladies auxiliary to the Industrial Association.

MARSHALL TO MAKE PRINCIPAL SPEECH LUNCH TOMORROW

Representative in Cabinet of Alberta's Chief Industry. Never Tires of Job.

EDUCATING MEN ON LAND AND NOT OFF

Ladies' Auxiliary, Toronto convention Report and Other Matters Come Up.

Hon. Duncan Marshall, provincial minister of agriculture, will be the chief speaker at the regular weekly luncheon of the Edmonton Agricultural Association to be held tomorrow at 12 o'clock sharp in the Empire auditorium, to which everybody is invited. Tickets will be obtainable at the Empire hotel office and those wishing to attend who are not members of the association, should get the "five wire" spirit and be there on time.

BLIND PIGGERS AT ROCKY MOUNTAIN ARE HEAVILY FINED

P. G. Porter, chief inspector for the province, returned to the city this morning from Rocky Mountain House where he secured four convictions against parties for selling liquor without a license and for running a gambling joint. The following fines were handed out: Fon Kee, a Chinaman, fined \$100 and costs for selling liquor; Portrich, fined \$100 for selling liquor; J. L. Standish, a druggist, \$100 and costs for selling liquor; George Sommerville \$20 and costs for running gambling joint.

PAVING COMPANY ALLEGES ATTEMPT DISCREDIT THEM

Worswick Company Replies to City Engineer Latornell's Reports.

SAY CONCRETE BASES NOT LAID BY THEM

Were Asked to Use Lighter Roller Than Contract Called For.

Alleging that a determined effort is being made to discredit them and their work, the Worswick Paving company, through the president, Captain W. H. Worswick, have written to the municipal commissioners pointing out that, in respect of work done by the company during 1913 and which Major Somerville says is reported to be "not satisfactory," the work of the Worswick Paving company was to lay an asphalt concrete surface on the concrete base laid by other companies than themselves. They state that the defect noted is due to the fact that the concrete base and not to the quality of the surfacing and that City Engineer Latornell knew at the time the work was being done that the concrete base was not satisfactory, yet directed the Worswick company to proceed with laying of the asphalt concrete. They state further that the city engineer gave a written assurance that he, as they were to lay an asphalt concrete surface, two inches thick, on a cement concrete base laid by the city construction department and other companies. We commenced work on "Stony Plain" road at Twenty-third street and had not gone far when we found that the cement base was under the pressure of our ten ton

Route Suggested by Which All Systems Would Get Share of Business.

A meeting of the Toronto convention committee of the Edmonton Industrial Association was held in the association rooms in the Teger block yesterday afternoon and preparatory to having along good speakers, such as Hon. Duncan Marshall, minister of agriculture, W. A. Griesbach and others. A brass band is also talked of and some kind of uniform will be worn by all those taking the trip.

COLLIE DUG SAVED SON OF PROPRIETOR OF MACQUON HOTEL

Macquon, Sask., April 22.—Of the most talked of incidents in connection with the hotel disaster here is the saving of eight-year-old Carl Hochhaus by the large collie dog belonging to the family. Bismark, as the dog is named, is a great hero among the people in the town. The two were playing in the kitchen when the explosion happened. The boy was supported by the shock and odor but the dog at once began to scrape away the earth and wood splinters, shutting him in. Evidently the dog got into the open air but would not leave without the boy, who in a few moments recovered sufficiently from the fresh air blowing through the aperture made by the collie, to follow.

CANADIAN ARMY OFFICERS WILL HELP IN IRELAND

Letters Received in Ireland Show Sympathy With Unionists.

NATIONALIST ARMY HAS MANY REGULARS

But Lacks Campaign Funds and Munitions of War.

Londonderry, Ireland, April 22.—That resignations of army officers in Ireland were to have been followed by resignations abroad is proven by a letter shown in Fermagh. Not only are Irish officers in the colonies to have returned, but they were to have come home to Ulster to help lead the volunteers. A letter from one of these says: "Thank God for men like Hugh Gough, who saved the situation. I was hourly expecting your pre-arranged cable, saying I was needed. I would have resigned at once and come. So would others of us."

"Five officers were coming back to this town under those circumstances," said the man who showed the letter, which is undoubtedly genuine.

Eliciting English Sympathy. Colonists are adopting a unique plan to get English and Scotch sympathy. Parties consisting of unionists, liberals and laborers are being organized and shown conditions here at the unionists' expense. At Enniskillen, where volunteers have a body of 300 horse, eight such deputations have been shown at drill and a ninth arrives on Thursday. This is only one instance of the costly and thorough organization of the unionists in Ireland. Nationalist volunteers will shortly hold a congress in Dublin, attended by representatives of all battalions, at which a final constitution will be drawn up.

"Use Weapons Very Soon." There is some conjecture here as to what Professor McDonald meant at Cardonagh when he said: "Irish volunteers must prepare to use weapons, which will be put in their hands by their country very soon."

As the home rule bill does not provide for an Irish parliament maintaining an army, it is difficult to see how the country could provide arms if the bill becomes law.

Guns are still being brought into the country weekly. Londonderry sees drill going on nightly in pine halls.

Nationalist Activity. The future situation, therefore, is not a diminution of the Ulster preparation, but rather an increase in nationalist activity. The latter now claim 8,000 volunteers drilling in Londonderry, equalling the number of Ulsterites. It is claimed that 400 of the 800 nationalists resided in Canada prior to Sunday, before they were sent to Ireland, and that they also have a naval corps capable of mining ships and also the idea of the Ulsterites fighting, and say that their own force will be sent to Ireland under home rule.

There will be big nationalist celebrations here in May, and the occasion may be dangerous. For the present, however, the visitor could see nothing unusual about the city. One Canadian woman has just been called home by a letter from her husband, who heard that women were being massacred in the streets.

The nationalists here have no arms except revolvers, and lack adequate campaign funds. They are entirely Catholic, and the head of their organization remarked today that there are only half a dozen Protestant home rulers in Londonderry.

The pulse of a horse is a little more than half as rapid as that of a man.

ICEBERGS AGAIN ENDANGER SHIPS ON NORTHERN STEAMSHIP LANE.

This photographic diagram illustrates the relative size of a huge iceberg as compared with one of the modern ocean greyhounds that sail the northern steamship line between Europe and America.

The iceberg has again made their appearance on the northern route off the coast of Newfoundland and it is believed that one of these mountains of floating ice was the cause of the wrecking of the sealer Newfoundland. This illustration shows how seven-eighths of the iceberg's mass is below the surface of the water.

The men who have been engaged in railway construction work on the last section of the Grand Trunk Pacific, and on a hundred miles of line a force of 3,200 men was kept busy with an equipment of four thousand steam shovels, are now scattering and taking up various vocations. A large number of the most promising of the men are settling down to farming near the steel they helped to lay, realizing the splendid opportunities right at hand in the rich agricultural land in the Nechako and other valleys.

Activity prevails along the whole of the line. There are, for instance, vast quantities of merchantable timber to be cut and one mile is being put in at Willow River, the new Grand Trunk Pacific town, about twenty miles east of Prince George, which will cut 100,000 feet a day, a market for some of which is expected to be found in the tributary territory.

British Warships Raced. London, April 22.—It was reported yesterday that the ships of the Royal Navy, Queen Mary, Princess Royal and New Zealand, recently entered in a speed contest in the Nechako, and that the Queen Mary, speeding thirty-four knots an hour, won. The second finished second and the Princess Royal third.

Among the new buildings at Port George on 25th street, built by the Canadian Port of Edmonton, representing the International Harvester company, and the International Harvester company, to be used as a warehouse for implements, feed and mill products. The building is a two-story structure, 100 feet long and 40 feet wide, and is a fine example of modern building for the district.

Speaking of the 80,000 acres to be thrown open for pre-emption in June, Mr. Ross said that the greater part of it was good agricultural land and ideal for homesteading. There is also a large amount of good timber on the tract, as well as being adapted to the raising of produce for which there is a ready market in the district between Port George and Mount Bonaparte. A large mill has been built at Mile 142, near Dome Creek, and the company has 100,000 feet daily, and another big mill is projected for Mile 128 and has been in the water for some time for mill purposes.

McBride Has Big Future. Mr. Ellis states that at McBride, where the line in the eastern half of the homesteaded land is located, is the divisional point for both freight and passenger service, and a large amount of money has been expended by the railway company to make preparations for the future. The station covers eight miles, and the station yards, round-house, shops, etc., are the largest between Winnipeg and Prince Rupert. It is a well-planned town, and it is the heart of the agricultural land, is expected to become a great center, and any settler who secures a homestead near there in June will be fortunate indeed.

Body Found in River. Winnipeg, April 22.—The unidentified body of a man was found in the Assiniboine river at Pigeon Lake yesterday afternoon by a lumberman carrying a raft of logs on the river. The body was terribly disfigured by the contact with the ice. It is believed to have been in the water for two or three days. Some money was found in the pockets, but nothing to designate the man's identity. The remains have been brought to the city and will be held as long as possible for identification.

Trains Stop Three Minutes. Winnipeg, April 22.—An official announcement was given out last night that all trains on the entire C.P.R. system will be stopped for three minutes today from 3:15 to 3:18 p.m., during the interment of the late Sir Wilfrid Laurier.

Heavy Fighting ON IN COLORADO STRIKE DISTRICT. Trinidad, Col., April 22.—Heavy fighting is reported to have been in progress in Delagua since daylight. Armed strikers are said to be swarming in the hills north of town and firing into the camp.

Mme. Caillaux Unnerved. Paris, April 22.—An automatic revolver, similar to that with which Mme. Caillaux shot Gaston Calmette editor of the Figaro, was used by Henri Rochelandet, examining magistrate at the final hearing yesterday to demonstrate how the crime was committed.

Good Fur Season. It was an exceptionally fine season in the fur trade but the Indians suffered more or less, for the reason that the Hudson's Bay Company, which did not stop at Port Nelson last summer, relying on the auxiliary schooner, was unable to bring in the furs. This was never done. A total of 135 officers and men spent the winter at Port Nelson in the employ of the government.

Proposal Indefinitely Postponed. London, April 22.—The proposed Imperial naval defence, in which the whole overseas dominions are to take part, has been indefinitely postponed. A white paper issued by the colonial office last night states this fact and gives the correspondence that took place with Australia and New Zealand on the subject. Canada, it is pointed out, assented to the defence conference and inquired after a suitable date, New Zealand, on being asked, said she would like to be consulted, but did not make adequate arrangements unless the time and place were convenient.

The Australian government wired March 23 that it was now impossible to send ministers to London during 1914, but urged the principle of continuous representation on the committee of imperial naval defence. New Zealand was asked to make a permanent appointment. The union of South Africa decided no change in the present arrangement, but apparently also the view of Newfoundland.

There are 11,453,565 males and 4,120,734 females working for wages in England and Wales.

FORT GEORGE TO CHECK OUTSIDE SUBDIVISIONS

Petition to Minister of Lands Asks Refusal of Plans for Outside Lots.

TO AVOID MISTAKES OF WESTERN CITIES

Several Large Lumber Mills and Warehouses Going Up.

Mr. W. Ross and A. P. Ellis of Fort Arthur, Ont., were in the city last night, having just returned from Fort George where they have large property interests, and were ready with a great deal of interesting information regarding the western town of which we hear so much but really know so little. The men have been spending the last six weeks in the Fort George district and speak only in highest terms of the country and towns along the new line of the G. T. P.

"They have a live board of trade," said Mr. Ross, "and they are asking for a resolution to the effect that a letter be sent to H. W. H. Ross, minister of lands, requesting him to refuse to accept plans of subdivisions of town lots at the mile and a half interval of lands, but rather to require the penalty of over-subdividing."

Both Mr. Ross and Mr. Ellis were present at the arrival of the new line of the G. T. P., on April 7th, and told of having watched the building of the last mile of the line, and witnessing the presentation of gold watches to the men who had been in charge of the construction of the line, by the road officials present.

Fort George is bustling. Mr. Ellis stated that Fort George is not as dead as many people believe, and says that since the completion of the railroad from coast to coast, the citizens from the mayor and council at attention to the useful, unostentatious, all boasting the town, and says that they are now in a campaign to secure certain blocks of land for park and school purposes and also a site for exhibition purposes.

Efforts are being made," said Mr. Ellis, "to induce the post office department to carry the mails from the coast over the Grand Trunk Pacific line." At the present time, while letters mailed at the end of the line are carried by the coast route, the mails from the coast to the United States in five or six days, mail for Port George from the coast takes 14 or 15 days to come via the Cariboo road."

Many New Buildings. Among the new buildings at Port George on 25th street, built by the Canadian Port of Edmonton, representing the International Harvester company, and the International Harvester company, to be used as a warehouse for implements, feed and mill products. The building is a two-story structure, 100 feet long and 40 feet wide, and is a fine example of modern building for the district.

Speaking of the 80,000 acres to be thrown open for pre-emption in June, Mr. Ross said that the greater part of it was good agricultural land and ideal for homesteading. There is also a large amount of good timber on the tract, as well as being adapted to the raising of produce for which there is a ready market in the district between Port George and Mount Bonaparte. A large mill has been built at Mile 142, near Dome Creek, and the company has 100,000 feet daily, and another big mill is projected for Mile 128 and has been in the water for some time for mill purposes.

G.T.P. WILL HAVE OVER 1000 MILES OF BRANCHES THIS YEAR

The Grand Trunk Pacific will, it is announced, have this summer considerably over a thousand miles of the branch line in operation.

While the railway has been making rails westward in order to reach the earliest possible date the Atlantic and Pacific oceans, they have been reaching out with these branch lines and feeder lines. This was naturally the first importance; to gather in the traffic for the trunk line, to take care of the new home makers who are swarming into what was, when the main line was laid out some six years ago, an almost empty west. It was thought to be vitally important that they should take possession of every mile of attractive territory because of haste in this matter was to lose.

RAILWAY BUILDERS TAKE UP FARMING

Men Who Put Down G.T.P. Steel Settle in Rich Nechako Valley.

Willow River Mill to Cut 100,000 Feet Daily and Find Home Market.

The men who have been engaged in railway construction work on the last section of the Grand Trunk Pacific, and on a hundred miles of line a force of 3,200 men was kept busy with an equipment of four thousand steam shovels, are now scattering and taking up various vocations. SOCIAL AND PERSONAL

THE GAY WORLD.

Mrs. J. M. Collins, 451 First avenue N.E., will not receive on Thursday, April 22, nor again this season.

Miss Carrie Thomas is entertaining at the tea hour on Thursday in compliment to two brides to be, Miss Jessie Woster and Miss Agnes Robertson.

Miss Ella Taylor will be a tea hour hostess on Saturday in honor of Miss Agnes Robertson.

The Women's Tea club met yesterday and concluded the business of the afternoon meeting. It was decided to hold the next regular meeting on the second Wednesday in May instead of the first Wednesday. The subject

How American Women May Keep Faces Young

"The American smart woman ages early, far earlier than the English woman," says Chetana Miller, F.R.C.S., the famous English health expert. "She adds that our climate 'so exhilarates that you over-exert yourselves and grow old before you know it.' But some exhilaration you do need. The skin that lacks moisture grows pale and withered looking and soon forms wrinkles."

"The American complexion" is best treated by applying pure rosewater wash, which causes the faded, lifeless cuticle to flake off in minute particles, a little each day, until the fresh, young skin shows itself in evidence. Every drugstore has this rose water and some forms of it at night like cold cream, washing it off next morning.

For wrinkles, dissolve an ounce of powdered kaolin in a half pint of water, shake off in minute particles, a little each day, until the fresh, young skin shows itself in evidence. Every drugstore has this rose water and some forms of it at night like cold cream, washing it off next morning.

Better Babies' Contest

Entry to this contest is absolutely free. We welcome every entry, regardless of whether the parents are our customers or not. The contest is wide open to all parents who wish to know more about their children and we urge you to take advantage of this unique opportunity. Ask the E. C. D. milk man for a pamphlet explaining about the contest or phone us.

Conducted by Mrs. Taylor.

FASHIONS AND FANCIES

Mr. and Mrs. George F. Emerson, who have returned to Edmonton after a year's sojourn in Victoria, have taken up their residence in the Buena Vista Apartments.

Mr. and Mrs. C. H. Bradley are moving into their handsome new home in Glenora, corner Peace avenue and Thirty-second street.

The "Eusebians" given by Knox Church choir last evening in the First Presbyterian church, was well worth a much larger audience than assembled to hear it. The soloists, the Sopranos and the organ solos were each and all most beautifully rendered, showing much painstaking and conscientious work on the part of the performers.

Mr. T. C. Ferguson of Winnipeg is a guest in the city at the Zerkir hotel for a few days.

Mr. Gold, proprietor of the Leader Cash Store, Edson, is in town visiting Mr. Max Goldberg, Kirkness st. He announces his engagement to Miss Morgan, and the wedding will take place within six weeks.

London, April 22.—The marriage of Count Dino Spota di Radona formerly of Rome, but now of Edmonton, Alberta and Mary, the eldest daughter of Edwin J. Leslie March Phillips de Leslie and great niece of the late Duke of Devon, took place today at Hampton Court.

Premier of Mrs. Sifton of Alberta were among the invited guests.

The railway trainmen are holding a dance tonight in the Empire auditorium.

The Northumberland and Durham society are holding the last of their dances for the season on Monday evening next in Separate School hall. This is to be a masquerade ball and five prizes are to be given, the first a silver coffee service will be presented to "The Belle of the Ball," which is given by Messrs. Reed & Robinson.

His Honor the Lieutenant Governor has signified his intention to be present at the banquet to be given by the St. George's Society at the Hudson on Thursday evening of this week. Other guests will include Commander Evans of the ill-fated Scott expedition and the officers of the 15th and 16th Alberta regiments.

At the annual meeting of the Edmonton Country club, Mr. O. R. Kirkpatrick was re-elected. Mr. J. Anderson, E. L. Ferris and A. P. Chaitell were chosen to take the place of the retiring board.

The last meeting of the Welsh society for the season will take place tomorrow, Thursday evening, April 22, in Cameron hall, on Xanaya avenue, beginning at eight o'clock sharp. The meeting will take the form of a box social.

Mrs. A. F. McKee, Bonnie Doon, will not receive on Friday of this week nor again this season.

Mrs. E. V. Hardisty has issued invitations for a dinner on Thursday evening.

MLLE. MINNI AMATO.

Parisian dancer at the Pantages theater this week.

Theaters and Picture Shows
MLLE. MINNI AMATO, PANTAGES DANCER, TALKS TO REPORTER

French, French from the topmost strand of her glorious flaxen hair to the tips of the French, beaded slipper which she wears, is the first impression that one receives when they see Mlle. Minni Amato, the sensational pantomime dancer, who is entertaining Pantages patrons this week.

France, not all France, but just Paris, is stamped indelibly upon the charming little woman with marks that cannot be gaudied. The comprehensive shrugs of the shoulders, the merry eyes that won't behave, and every gesture of the hand speaks only too well, telling beyond a doubt that Mlle. Minni Amato is a Parisian dancer.

She sat in her dressing room downstairs in the Pantages when the interviewer called on her and was busily twisting a coil of her blonde locks into place, just about to finish her coiffure. She motioned to a desk chair and asked naively, "Well, I suppose you want to know all about myself and why I went on the stage and all those other things that every newspaper woman asks me, don't you?"

"Not. Well, what is it? There is so little that one can tell the newspapers for they always turn your words around, particularly when you don't speak the very best of English, and I do so hate to have people read things that I suppose I said without meaning it at all." And here again her French blood showed for every word was accompanied by a gesture or a move which only gave expression without the use of the language.

"Don't you find it tiring to dance with so much effort?"

"Tiring. Why, no. That is where the work is best when you dance with every muscle. I couldn't dance any other way and there is nothing in the world I love like dancing. Why, do you know, I would rather dance than eat, provided that it was a dance where

I could give expression to my feelings. I feel the emotion which I try to convey and whether I do or not I cannot say, but when I dance they are upmost in my mind, and as I have to express myself in what I guess you call the poetry of motion, I never grow tired."

Just then there walked into the tiny cubicle a small flaxen haired girl and the impulsive woman who had just finished telling that there was nothing in the world like her art picked her baby into her arms, and with eyes aglow lit by the love that transcends art, kissed and caressed the towed head, and then the stage manager called that the act was ready to go on, and the interviewer never did find out just what the little, supple dancer thought about the things for which she carefully prepared questions had been framed.

"ROSARY" TO BE SEEN AT EMPIRE THURSDAY NIGHT

The Rosary company, which created such a favorable impression at the Empire last season is returning to Edmonton in route east after a very successful season through the southern coast states. This remarkable play has met with the unanimous praise of the critics and public alike, which is very remarkable when it is remembered that the whole drama centers around the figure of a Catholic priest, a very difficult role to assume, but as handled by Frank Irwin becomes the lovable, whole-hearted minister and friend. Rev. Brain Kelly who effects an understanding and brims happiness out of the chaos of a ruined home. The engagement is for three days only commencing Thursday, April 22.

Belgium pensioners miners at 55 who have worked 40 years in mines. Reinhold propaganda is proving successful in Newfoundland.

GRACE JOHNSTON.

FRECKLES

Now is the Time to Get Rid of These Ugly Spots.

There's no longer the slightest need of feeling ashamed of your freckles, as the prescription ointment—double strength—is guaranteed to remove these homely spots.

Simply get an ounce of ointment—double strength—from any drugstore and apply a little of it night and morning and you should soon see that even the worst freckles have begun to disappear, while the lighter ones have vanished entirely. It is seldom that more than an ounce is needed to completely clear the skin and gain a beautiful clear complexion.

Be sure to ask for double strength ointment as this is sold under guarantee of money back if it fails to remove freckles.

SPORTS

Edited by Cliff Dunham

DR. ROLLER, FAMOUS WRESTLER, HERE TO MEET PAT CONNOLLY HERE, MAY 23

Championship Match to Be Staged at Arena—Connolly Appeared Here Recently—Roller is Wrestler of Much Experience and Has Met Best in the Game Including Champion Frank Gotch.

That Edmonton is due to witness a wrestling match in the near future between two of the leading mat artists in America, was the announcement made yesterday by J. G. Feltus, wrestling promoter, who staged the recent bout in the city between Pat Connolly and Kid Sandow.

It has been arranged to bring the world famous wrestler, Dr. Benjamin Franklin Roller, of Seattle, and Pat Connolly, of Vancouver, together in a finish match in the arena on Saturday, May 23.

This match will bring together two of the foremost men in the wrestling game today. Dr. Roller needs no introduction to the sporting public. He has met all the good ones, including the world champion, Frank Gotch, and is right up in class A. Pat Connolly was seen recently in a match to throw two men in an hour. He did it in less than 21 minutes, and took his time at it then.

COMMANDER EVANS SEES BOXING BOUT BEGIN LAST NIGHT

Moore Jaw, April 22—Billy Farrell of Moose Jaw and Jack Wilson of Regina met here last night in a ten-round no-decision contest. The exchanges were fast throughout and the referee Farrell slightly bettered the Regina boy, the general opinion was that the referee would have called the match a draw. The first four rounds were even and from that out Farrell had a slight edge. In the last round he and the Regina boy exchanged wild blows at the same time landing several effective blows himself. A good crowd of boys met and Commander Evans and his party were there, the Anzac explorer making a special request that the main bout be postponed until he had concluded the lecture, which he delivered here last night.

Columbian Cricket Club.

There will be a general meeting of the Columbian Cricket club at the City Advertising Agency, 420 Second street, business, election of officers.

We knew it would come. Jawn L. Sullivan is writing his autobiography. Well, we don't have to read it.

Bad weather has been the rule rather than the exception at Everett. The Eskimos are floundering in the sea, none of the experienced variety. The absence of Lefty Heinrich will be badly felt. Deacon White has been on the trail of Pitcher McVior and Shorlout Brown of the Seattle club. Both of whom are the game. The Eskimos are floundering in the sea, none of the experienced variety. The absence of Lefty Heinrich will be badly felt. Deacon White has been on the trail of Pitcher McVior and Shorlout Brown of the Seattle club. Both of whom are the game. SPORTS AT NORTH AND SOUTH SIDE ATHLETIC FIELDS

Two important items of interest to athletes came up at last night's council meeting. George R. Jackson, supervisor of city playgrounds, asked that provision be made for lacrosse and other games on the inside of the track at the exhibition grounds in the east end. On motion of Alderman Joe Driscoll the communication was referred to the parks and markets committee.

Alderman Gus May submitted a notice of motion to the effect that the city council give a grant of \$500 for sports in south side athletic grounds on July 1, Dominion day, as had been done before, and that the committee composed of Aldermen Calder, Douglas and East be appointed to take up with the sports the starting of preparations for this day.

To the athletes of Edmonton and to the thousands of sport loving people of Edmonton these are two matters of importance in the interests of clean sports. The inside of the track at the exhibition grounds has never been used for any purpose other than at exhibition time, the balance of the year it lies idle, where it really is an ideal athletic field, especially for lacrosse, and would need no taking care of other than the grass and the grass and a little rolling now and then. The field day on July 1 at the south side has become a standard event in the city, and each year has become more successful than the one before. The sports day on the south side this year should surpass anything ever seen in the city, as there are many more able athletes in training at the present time than at any other time in former years, and the success of the sports is assured when the council make the grant of \$500 to help pay for prices, advertising, etc.

ESKIMOS DEFEAT WASHINGTON "U"

Team Will Break Camp Tomorrow and Play Exhibition on Way Home.

The Edmonton Eskimos yesterday defeated the University of Washington team at Everett by an 8 to 5 score, in a game which was easy pickings for Norydyk's bunch. Spaulding heaved them over for eight innings and the Eskimos pitched in an appearance in the ball field in uniform with the intention of trying for a place, but will have to wait to beat out Goldie for the place. The Eskimos leave Thursday for Kamloops, B.C., where they will play an exhibition game with the team.

Nelson showed up well behind the bat and should catch a place with team. Norydyk drew a walk every time to bat. Pat Moran surprised the outfit by putting in an appearance in the ball field in uniform with the intention of trying for a place, but will have to wait to beat out Goldie for the place. The Eskimos leave Thursday for Kamloops, B.C., where they will play an exhibition game with the team.

Bad weather has been the rule rather than the exception at Everett. The Eskimos are floundering in the sea, none of the experienced variety. The absence of Lefty Heinrich will be badly felt. SPORTOGRAPHY

"Chief" Bender 11 Years in Uniform of the Athletics. "Chief" Charles A. Bender, the great Indian twirler for the world's champion Athletics, will celebrate today the eleventh anniversary of his big league debut. It was on April 30, 1908, that Bender made his first public appearance in any league, wearing on his left foot two inches of solid red flesh a uniform which indicated that he was a member in good standing of the Philadelphia Athletics, champions of the American league. Bender was sent into the box in a game at Boston to relieve Eddie Plank, who was having an off day, and Bender was largely responsible for the 10 to 7 victory of the Philadelphia Athletics.

A multitude of proofs that Cornelius J. McGillicuddy is crazy like a fox. Charles Albert Bender, born on an Indian reservation at Brainerd, Minn., nearly 25 years ago, and was sent to Carlisle to top up an education in baseball and other branches of the Carlisle curriculum, and played first base and pitcher for the Carlisle nine in 1900 and 1901. The following year he went to Dickinson college, where he played and hit the Harbinger Athletic club baseball aggregation. There he attracted the attention of Connie Mack, and in the spring of 1903 joined the Athletics pitching staff, which then consisted of Plank, Fred Mitchell, Ed. Wright and J. J. Hastings. Bender acquired the title of "Chief" early in his baseball career, for the box he is calm and unshaken, and manifests the stoicism of his race. From his first appearance on a big league diamond, Bender has always been imperturbable under the worst assaults of the fans, and the latter have long known that it is futile to try to rattle the rangy red head. Bender is a great strategist as well as a great pitcher, and his eyes miss nothing in the course of a game. In the 1911 world series between the Athletics and the Giants it was rumored that Bender had "got next" to McGraw's signals, and was thus able to warn the Athletics of every coming move of the foe.

PAT CONNOLLY, HEAVYWEIGHT WRESTLER, WHO WILL MEET DR. ROLLER HERE, SATURDAY, MAY 23

Two important items of interest to athletes came up at last night's council meeting. George R. Jackson, supervisor of city playgrounds, asked that provision be made for lacrosse and other games on the inside of the track at the exhibition grounds in the east end. On motion of Alderman Joe Driscoll the communication was referred to the parks and markets committee.

Alderman Gus May submitted a notice of motion to the effect that the city council give a grant of \$500 for sports in south side athletic grounds on July 1, Dominion day, as had been done before, and that the committee composed of Aldermen Calder, Douglas and East be appointed to take up with the sports the starting of preparations for this day.

"Knockouts"

An erroneous impression is held by Thomas Flanagan that the admittance of the Toronto Amateur Boxing association into affiliation with the Amateur Union gives the former no control over the boxing championships, and that the numerous other tournaments which are staged during the year will be solely run by the new association.

John L. Sullivan says that only two fighters are any good. That is two more than we thought.

J. McGraw is going to buy that Houston team, so that Manager Pat Newman will be given more time to develop that talent.

They are talking of barring women from the Olympics after this. It must be that athletes have had a scare thrown into them since Miss Carpenter demonstrated that women can fight.

Jawn L. Sullivan is not favorably impressed with the present day crop of fighters, which is intended to boost L. L.'s day. However, as financiers must hand them the blue ribbon.

Jawn L. Sullivan wants to teach Charlie White, the Chicago lightweight how to box. We will next hear of Rube Deneen instructing Mathewson how to pitch.

SOON BE IN EDMONTON

1856—Jack Dempsey was formally presented with the belt emblematic of the world's middleweight championship. Earlier prize ring champions had been given belts, but they became the personal property of the recipients. The belt awarded to Dempsey was given under the condition that it was to be defended by the holder and was to pass to the man who defeated him. The belt was a handsome and costly emblem of victory, and its presentation to the "Nonpareil" was the occasion of a big gathering of sports at the Metropolitan Hall in New York. Dempsey had won his right to the world's title a little over a month before by defeating George La. Blanche, the French-Canadian boxer, at Larchmont, N. Y. "Nonpareil" Jack and "Marino" George fought against it in 1907. In 1908, and in 1910, Blanche was the victor, knocking Dempsey down with the famous "fist" blow.

1909—Willie Lewis defeated Jewey Smith in 10 rounds at Paris.

1913—Eddie McCarty defeated Gus Christie in 10 rounds at Fond du Lac.

A middleweight by the name of Chip looked like the real thing when he overcame, playing exhibition games on the way. The season opens here May 4th.

Lon Norydyk and his Eskimo break camp tomorrow at Everett, Wash., and begin their journey to Edmonton, playing exhibition games on the way. The season opens here May 4th.

Sam Crawford declares that Jim Thorpe, the Indian, is far from a finished ball player, and declares that he will have a hard time making the big show. However, McGraw seldom makes a blunder in picking out a big show. He is confident that James will make a ball player.

The New Bedford club has signed an outfielder by the name of Shirki, but we understand that he is not a finished ball player.

The decision on the Kuller case is awaited. In that it leaves both sides satisfied. Some Solomon that Judge.

FIRST ANNUAL Y.M.C.A. GYMNASIUM EXHIBITION WILL BE HELD AT THE EMPIRE AUDITORIUM, SATURDAY, APRIL 25

150 Boys and Young Men, Members of the Y.M.C.A. Gymnasium Will Present Scientific Presentation of Physical Training—Forty-four Big Events on Program—Two Performances—Canadian Champion Jumpers and Record Holders Will Appear.

The first annual Y.M.C.A. gymnastic exhibition to be held in Edmonton will be staged at the Empire auditorium on Saturday afternoon and evening, April 25. It is to be an indoor entertainment to promote physical education and citizenship in our city.

The exhibition has been heralded for weeks as an event of great importance, for it not only gives the hundreds of boys and men connected with it a chance to show what they can do in the numerous exercises, but it will give the citizens of Edmonton, and the parents, brothers, sisters, children and sweethearts of the boys and men an opportunity to see what the Y.M.C.A. has done for them in the way of physical development and physical training.

There will be 100 Y.M.C.A. boys in the exhibition, and half that number of older men. For many weeks they have been practicing faithfully for this occasion, and when Saturday arrives each and every one of them, individually and as a group, will be in all readiness to do proud to the institution they represent and their own abilities as athletes and gymnasts.

On April 23 there will be two performances, one in the afternoon and one in the evening. A splendid and lengthy program of events has been arranged for each occasion. The men and boys taking part in everything connected with the display have worked up to the best of their ability, and while not professionals in any sense of the word they will aim to present for the public's approval a scientific presentation of physical training. Every person running across the exhibition is a member of the Edmonton Y.M.C.A. gymnasium.

The program includes 14 numbers, each one a specialty in itself. They are as follows:

- 1—Grand march and maze run (to secure correct posture and stimulate the circulation), Entire Squad.
- 2—Gymnastic dance, "Olympic Schottische" (for action, quickness and grace), Evening Class.
- 3—Free hand drill (developing exercises for correct posture and physical efficiency), Junior Boys.
- 4—Tumbling (strength, speed and endurance), Evening Squad.
- 5—Dumb bell drill (developing exercises for health), Special Junior Class.
- 6—Indian club, Evening Squad.
- 7—Indian club, Evening Squad.
- 8—Parallel bars, Special Squad.
- 9—Blindfold boxing, Two Specialists.
- 10—Barrel, Evening Squad.
- 11—Boxing drill, Intermediate Schoolboys.
- 12—High bar Special Squad.
- 13—Gymnastic dance Irish hornpipe, Special Squad.
- 14—Gymnastic work—Special Squad.

Piano accompanist, Edwin A. Salisbury.

McGraw 25 Years in Baseball

Twenty-five years ago at this time John J. McGraw was just breaking in as a professional ball player. His contract was with the New York team, and for six months of service he was to pass to the man who defeated him. The belt was a handsome and costly emblem of victory, and its presentation to the "Nonpareil" was the occasion of a big gathering of sports at the Metropolitan Hall in New York. Dempsey had won his right to the world's title a little over a month before by defeating George La. Blanche, the French-Canadian boxer, at Larchmont, N. Y. "Nonpareil" Jack and "Marino" George fought against it in 1907. In 1908, and in 1910, Blanche was the victor, knocking Dempsey down with the famous "fist" blow.

1909—Willie Lewis defeated Jewey Smith in 10 rounds at Paris.

1913—Eddie McCarty defeated Gus Christie in 10 rounds at Fond du Lac.

A middleweight by the name of Chip looked like the real thing when he overcame, playing exhibition games on the way. The season opens here May 4th.

Lon Norydyk and his Eskimo break camp tomorrow at Everett, Wash., and begin their journey to Edmonton, playing exhibition games on the way. The season opens here May 4th.

Sam Crawford declares that Jim Thorpe, the Indian, is far from a finished ball player, and declares that he will have a hard time making the big show. However, McGraw seldom makes a blunder in picking out a big show. He is confident that James will make a ball player.

The New Bedford club has signed an outfielder by the name of Shirki, but we understand that he is not a finished ball player.

The decision on the Kuller case is awaited. In that it leaves both sides satisfied. Some Solomon that Judge.

WILLIE HOPPE AND YAMADA WITH THEIR GAMES

New York, April 22—Willie Hoppe, the great Japanese champion at 181 balls line, demonstrated last night that he has also mastered the intricacies of 143 balls line with the seven-inch square anchor spaces. He defeated Ora Morningstar, of Pittsburgh, 400 to 65 in the world's championship tournament here, winning in 13 innings after one hour and thirty-three minutes play. His best run was 134 and his average of 30 to 10-13 is the best so far in the tournament.

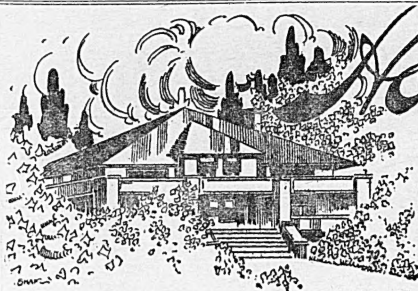

Koli Yamada, the Japanese expert, won a great uphill game from Ora, Sutton of Chicago by 400 to 389 in 13 innings after being over 120 minutes tied in the seventeenth inning. His top run was 114, made up for the greater part of almost perfect ball line.

Prize Fighters may call each other names and nurse hard feelings, but they never allow it to cost them a sou. They are wise.

Home Furnishing Sale

An Event that Reduces the Cost of Furnishing Your New Home or Renovating the Old One

THURSDAY MORNING we inaugurate a ten day's sale of Curtains, Curtain Materials and hangings, beddings, etc. At savings that will be welcomed and of material assistance to the hundreds of people who at this glorious time of the year are busy planning the furnishing of a new Home or renovating the old one.

Preparations for this seasonable event were begun months ago when favorable buying opportunities presented themselves and were taken advantage of. Many of this sale's best values having been imported from old country manufacturers. Other notable offerings are taken from regular stock wherein there are surplus stocks and short ends—many of which have been reduced to the remnant stage.

Come Thursday Friday or Saturday if possible or any day the following week. It's an event that has found a regular price on this store's calendar and one that's sure to prove a popular one. The best values will of course, be picked up by those who shop early in the sale.

This is an event we have deemed worthy of monopolizing the entire store front.—See Window Display Tonight.

An Event that Reduces the Cost of Furnishing Your New Home or Renovating the Old One

THURSDAY MORNING we inaugurate a ten day's sale of Curtains, Curtain Materials and hangings, beddings, etc. At savings that will be welcomed and of material assistance to the hundreds of people who at this glorious time of the year are busy planning the furnishing of a new Home or renovating the old one.

Preparations for this seasonable event were begun months ago when favorable buying opportunities presented themselves and were taken advantage of. Many of this sale's best values having been imported from old country manufacturers. Other notable offerings are taken from regular stock wherein there are surplus stocks and short ends—many of which have been reduced to the remnant stage.

Come Thursday Friday or Saturday if possible or any day the following week. It's an event that has found a regular price on this store's calendar and one that's sure to prove a popular one. The best values will of course, be picked up by those who shop early in the sale.

This is an event we have deemed worthy of monopolizing the entire store front.—See Window Display Tonight.

Home Furnishers "Feathering their Nests" Will Welcome Sale Prices on Bedding and Floor Coverings
